STUDENT AWARDS AT THE ROTMAN SCHOOL OF MANAGEMENT

Over the last decade, the Rotman School has transformed from an aspiring, but relatively small, regional player into Canada's only globally-relevant business school and has become the leading business school in Canada. Rotman is the only school in Canada with a faculty and student body that is both large enough and of high enough quality to be able to compete with the world's leading business schools.

This year we have the largest, most international and most academically qualified class in our history. Our students are the world's best and brightest, out-of-the-box thinkers who build the strength of our human capital. Thanks to the generosity of our award donors, the business community, alumni and friends, we can acknowledge the exceptional scholarship of our students and reduce the financial commitment of business education.

The Resource Capital Funds Award, the Village Orthodontics Award in Business, and the Risa Goldberg Memorial Scholarship for Women in Capital Markets are three new awards that are providing a total of 3.6 million dollars of financial support this year. These awards are developing graduates who have the values and skills that businesses need to innovate, succeed and create positive change in the future.

Congratulations to the award recipients and thank you to our award donors.
