## Business Edge Change Management

### Are you:

An internationally trained professional with management experience outside Canada?

Aspiring to work as a change manager in your industry or aspiring to lead change?

Working or have worked in Sales, Human Resources, Operations, Finance, or Project Management in Canada?

**Drive your career forward by learning to seamlessly implement change no matter your industry.**

### Program themes:

#### Advanced Communication

Start being seen as a leader by learning how to use impactful language.

Learn the nuances of inclusive communication.

Choose strategies that help you connect meaningfully with people of diverse backgrounds.

#### Change Management

Learn the impact of transformative, effective change management strategies.

Lead, implement, and develop change models.

#### Intercultural Intelligence

Develop an in-depth understanding of your cultural values, interaction style, and how they affect your interactions.

Learn to adapt behaviours across cultures while staying authentic to core values.

Explore the dynamics of leveraging the diversity of teams as a leader.

#### Career Management

Recalibrate and manage your career with purpose.

Rebrand your international experience for the Canadian market.
